Share the benefits of your expertise and skills then relax in tropical island paradise

Cape Maclear is a fusion of tourism and traditional African village life. Having been like this for over fifty years, today the two co-exist in a peaceful symbiosis.

But like anything good the relationship needs ongoing care, and the Chembe Village Community Project Centre provides the means for just that. The Project Centre is based at Tuckaways Lodge in the heart of the village, and this is your base too as you immerse yourself in volunteer opportunities which include orphan and vulnerable child feeding schemes, safe drinking water provision, HIV/AIDS support, malaria prevention, and health and hygiene awareness. Nights are spent in Tuckaways' beautiful reed chalets overlooking the lake, and meals are taken at nearby Gecko Lounge or with a local family. On day four catch the Kayak Africa boat out to Mumbo Island and reward yourself with some well-earned rest in a remote island paradise. The minimalist yet comfortable camp consists of seven safari tents and dining area and bar, all smoothly run by a discreet team of Malawian staff and expert island chefs, leaving guests free to explore or relax at will.
